

May 12, 2004

Tim,

You did a beautiful and very professional job painting the exterior of our old home in Middlebrook! I am so pleased with the transformation. You estimated about 2 weeks to accomplish the painting, and you were right on; even given the added painting of our screen porch and the window that I requested. And, thank you for sealing our porch roof. With the heavy rain we had 2 nights ago, the seal works! Plus you were very neat. There was no sign our house was being painted except for the visual results of a color change. And, you were so kind to our dogs and cats, bringing treats for them daily. In addition you were fun to have around and very trustworthy.

Should you need a recommendation for future painting work, please use our names. We will be glad to tell of our experience working with you. Look forward to working with you again, Tim. Thank you for your professionalism and talent with the brush!

Sincerely,

Handwritten signature in blue ink that reads "Carol T. & Jon".
